

Privacy Policy

See Tell Now is a statewide tip line for students and other members of the public to anonymously and confidentially report information related to school or student safety concerns.

See Tell Now limits requested personal information to that which is necessary to reduce risk of harm. Confidential information such as phone number, email address, gender may be collected. By providing contact information, you expressly give See Tell Now, its Tip Line Technicians, and Tip Line Responders permission to send follow-up messages to your phone, mobile device or computer. Tip Line Responders are defined as law enforcement, service providers or appropriate education provider contacts.

Your Consent and Changes in Privacy Policy

By using See Tell Now, you agree to the practices outlined in this privacy policy. Use of See Tell Now constitutes your acceptance of the privacy policy and terms. Privacy policy changes are expected from time to time and any changes to this privacy policy will be effective as they are added to the See Tell Now website.

Collection and Use of Confidential Information

When making a tip through See Tell Now, Tip Line Technicians may ask you to voluntarily provide confidential information – defined as information that uniquely identifies you such as your name, phone number or address. Tip Line Technicians may ask for this information to better serve you and better respond to the tip. The substance of a tip may be shared as necessary with local emergency responders to follow up with you. See Tell Now may release non-confidential, aggregated or summary tip information for reporting purposes.

We may collect and store device-specific information (such as unique device identifiers) to facilitate contacting and responding to situations of immediate harm to health, life, and safety.

In the case of immediate danger or risk to safety, Tip Line Technicians may connect you to 9-1-1 or another emergency service provider who may require additional information to respond. Confidential information may be used by schools, law enforcement and Tip Line Responders to quickly handle issues of health, life and safety.

Confidential information may be used to allow Tip Line Responders to follow up with you and to check on whether the issue has been resolved and to inquire on your health and safety.

Referrals to Other Programs

See Tell Now may offer to refer tips to another hotline or social services program. We will refer you to their services and connect you with their assistance. We will give you information on how to connect to them, but not release your confidential information to them.

Protecting Your Information

See Tell Now shall take all reasonable precautions to protect confidential information from loss, theft, misuse, unauthorized access, disclosure, alteration, and loss. See Tell Now will take all reasonable precautions, implementing procedural, administrative, physical security and technical means to defend confidential information.

Statewide Tip Line Established in 2019

The Idaho School Safety Tip Line has been serving students and Idaho school communities since 2019. The tipline is freely available to all students in the State of Idaho through legislative appropriation.

Improper Use

Using See Tell Now improperly could lead to discipline by school authorities and/or law enforcement.
